

OLYMPIA

**IF THE VOICE AUTHORIZATION SYSTEM FAILS TO
WORK WHEN YOU CALL 333-9227,
PLEASE READ CAREFULLY!**

Effective September 1 2009, the voice authorization system will be de-activated for those residents whose Master Association and/or Village Association Assessments remain past due.

This also applies to the tenants whose landlord's account is past due. In order for the gatehouse officers to allow access to a guest, the resident of that home must be reached for authorization.

If the resident is not available to authorize access,
the guest will be denied.

**If you have received correspondence from the Master
Association's attorney Martin & Bennis,
please contact them directly at (954) 524-5331.**

**Otherwise, please contact
Villa Olympia Clubhouse at (561) 333-3636
to direct you to the appropriate accounting office.**

We regret the necessity to take this action and appreciate your support as we continue to take appropriate steps to ensure Olympia remains the top community in the area.
